Please list games in order played. After opponent's score indicate overtime games with OT 2 OT etc. For site indicate home games by (H) away games by (A) and each DIFFERENT neutral site by 1 2 3 etc. and list below. List attendance for ALL games regardless of site. Attendance should include all students at the game—regardless of whether they paid admission. If you do not charge admission or count attendance please estimate the total number of spectators at each home game. If you have more than one home court please include all games played in your home city or nearby cities in which you would be regarded as having the home crowd. For the attendance column separate those home games played as double headers with the men's team in which one attendance total is used for both games from those home games played alone or games in which one attendance was counted separately (see note after attendance summary). In the DH, column mark an X. ONLY for those home games in which one
